*A Colorful Bloom of Ryukyu Memory*

What color comes to mind  
when you think of “**Ryukyu**”?

The sparkling blue of the sea  
The red of the Eisa drum  
The deep purple of beni-imo  
The yellow of the sun over coral reefs  
And  
The fresh green of sea grapes

Ryukyu is not defined by just one color.  
The color that rises in your heart  
is your very own “**Ryukyu Color.**”
